## THE WHITE HOUSE WASHINGTON

### To The Newspapers of America:

In these times of great events and decisions, the importance of which influence the entire world, newspapers play an increasingly important part in providing the information free people must have to be good citizens.

Critical examination of the policies and actions of our government by its citizens is essential to an open society. This primary role of the press carries with it the knowledge that with freedom comes responsibility.

No other nation in the world enjoys a press as responsive to the needs of freedom as the newspapers of our country. Newspapers in the United States make a big difference in people's lives, and have throughout our history.

In observing National Newspaper Week we are significantly aware that the vigilance of newspapers, together with their enormous capacity to inform, entertain, and provoke thoughtful analysis, is an essential ingredient of the framework of our daily lives.

We are fortunate to have a press which increasingly seeks higher standards of responsibility and service.

Frank Tomek, Jr.

## Cameron Man Tells Of Europe

After living 8 years in Europe, Frank Tomek Jr., 47, is visiting his homeland and says there is no comparison between the United States and Europe, but that he loves both.

A retired Air Force officer Tomek is presently aircraft inspector at the US Army Aviation Maintenance Center in Manheim, Germany.

He and his wife arrived in Cameron September 31 where they are visiting with his parents, Mr. and Mrs. Frank Tomek Sr.

Tomek left the United States in 1955 and retired in Germany in 1959 after serving his country 24 years.

ARRIVING in Texas the couple said they felt ridiculous. "We were carrying big overcoats and umbrellas and here it was over 90 degrees." When they left Germany it was 39 degrees.

"Cameron has surprised us greatly," Tomek said, and added, "The Camerons are moving into a new and modern phase and coming out of the old phase that we used to know. The highways are much improved and we readily noticed all the new buildings, hospitals, churches banks and it is overall much improved."

TRAVELING is their main hobby and through their visits in Europe they have gained a vast knowledge of our neighbors across the seas.

"We do love the antique world and to us each country has a fascination all its own and is very different from the United States," Mrs. Florence Tomek, a native of Los Angeles, Calif. said.

Manheim, where they have been living for 3 years, is located in central Germany and is within short driving distances to many famous European cities.

They have also lived in Brussels, Belgium and Rome, Italy, and have visited all the ancient attractions.

Czechoslovakia is the only country they have visited that lies behind the iron curtain. Wanting to see Mr. Tomek Sr.'s native land they traveled there with friends who live in the American Embassy there. "It was very odd to be in a place where the residents would not, or could not, talk to an American," Tomek said.

LIVING STANDARDS vary considerably in Europe and it was hard for the Tomeks to compare the two countries. "The economy in Europe is on the rise and Germans feel the cost of living is high, but to the American living there it is not considered high," Tomek said.

Of interest to the American would be the price of coffee. The Germans make fine coffee and love it, but it costs 18 or 19 cents a cup in any small restaurant. A reverse is true on the cost of wine. Where their famous wine costs 80 cents a quart, the American cost is \$3 or \$4. The average German does not live or eat nearly as well as the average American, he added.

CLIMATIC CONDITIONS in Germany are usually very pleasant with summer temperatures of 88 degrees and winters with lots of snow. However, the humidity is often very high and at times has been 100 percent and is then most unbearable.

WESTERN ATTIRE is a new and upcoming trend in Germany. Men wear the western hat and cowboy boots.

During the "Fasching," a pre-Lent celebration which starts on the 11th hour of the 11th day of the 11th month, all children their cowboy or Indian grab. This is still considered just a costume and is not worn for everyday clothing.

After a months visit the Tomeks will leave Cameron for Washington, D.C. They will leave for Germany October 26 where they will live at least two more years.

"We are coming back to Texas one of these days and make it our home," they concluded.

## PROMINENT AREA RESIDENT DIES

Fritz H. Wied, 74, a prominent Burlington resident, died in a Rosebud hospital Monday. Funeral services were held Wednesday at 2 p.m. at the United Church of Christ in Ben Arnold. The Rev. Allan Peabody of Waco officiated with burial in the Woodlawn cemetery in Rosebud.

A retired ginier, Wied was presently engaged in farming and ranching. He was born October 6, 1889 in Washington County and had lived in Burlington the past 34 years.

Survivors include his wife of Burlington; two sons, Edwin Wied of Cameron and L. Stanley Wied of the US Air Force in Japan; three daughters, Mrs. J. C. Hargrove and Mrs. Elgin Hensel both of Rosebud, and Mrs. Joe O'Neill of Waco; three brothers, Robert Wied of Burlington, Otto Wied of Cameron and Raymond Wied of Hargill; two sisters, Mrs. Mattie Laake of Rosebud and Mrs. Lilian Sheffield of Falfurrias; and twelve grandchildren.

## Farmers Union Set Annual Meet

Milam County's Farmers Union organization will hold their annual dinner meeting Tuesday, October 22, at 7:30 p.m. at which time new officers will be elected. Jay Naman, State President, will be the guest speaker. The program will also include musical presentations.

Max McClaren said resolutions for the coming year will be adopted along with the election of officers and directors. These members who are unable to attend the dinner meeting may come at 8 p.m., McClaren said.

## Local Attorney In Directors Meeting

Cameron attorney Emory B. Carr will participate in the fall meeting of the Texas State Bar board of directors, Oct. 25-26, at Austin.

He is board representative for lawyers of the 11th Congressional District, and is advisor to the Bar committee on lawyer referral and the Section on Real Estate, Probate and Trust Law.

Carr is a member of the three-member editorial committee of the Texas Bar Journal, recent recipient of the Award of Merit from the Mid-Continent Conference of Industrial Editors.

## 125 Attend Annual Football Barbecue

About 125 Cameron highschool football players and members of the Booster Club attended the annual Football Barbecue held at the Fellowship Hall of the First Methodist Church Monday night.

Following a buffet supper of barbecue chicken, with all the trimmings, the group viewed a film on the highlights of last years South-west Conference football game.

School Carnival

## PTC Plans Show

Plans for the St. Anthony PTC carnival were presented to the local organization Tuesday night by co-chairman, Mrs. W. K. Leonard, said the event would be bigger and better than ever this year.

The event, to be held October 29, will have many new attractions added to the ones held in previous years.

## FIRE DESTROYS OVER 100 ACRES OF GRASS LAND

Fire destroyed over 100 acres of grass land on the Leo Porubsky and Irwin farms, located about eight miles north west of Cameron Sunday night.

Cameron Volunteer fire fighters rushed to answer the call about 10 a.m. Twelve firemen fought the huge blaze an hour and 15 minutes before the raging fire was extinguished.

Frank Richter Sr., fire truck driver, said the firemen managed to save a barn that was threatened by the blaze and there was no other damage than the cattle grass land.

Termed as one of the larger grass fires in the County it was the third fire answered by the Cameron Department this month. Last month the department answered five calls and the month of August was an astounding figure of 38 calls.

## School Board Meets In Regular Session

The Cameron School Board met in regular session Monday night to review the progress being made in the Equalization Program.

Superintendent Charles Ziegler said the Board is covering every piece of information before they will turn the work over to the Equalization Board.

The Equalization Board will have the task of setting the tax rate schedule for the properties that lie within the Cameron Independent School District.

## TOUGH GAME EXPECTED IN 19-AA CLASH

Cameron's Fighting Yoemen will begin District 19-AA play when they travel to College Station to meet the A&M Consolidated team Friday night at 7:30 p.m.

With both teams determined to prove the pre-season predictions false, it should be a rough and rugged ball game.

The Yoemen and the A&M Tigers were picked to be fighting for the lower berths, but both teams have grown in desire, spirit and experience. They could both give the other teams in the district a run for their money.

A&M squadmen have chalked up a 3-2 record. Head Coach George Kirk said they are a big club, throw the ball well and have three good running backs. They are also strong at a passing attack and have a strong defense.

Kirk said the scouting report "speaks for itself, A&M had some tough luck last week when they got beat by Huntsville but they have had two weeks to get ready for us."

Huntsville, a 3A school, beat A&M 26-0. They took advantage of three A&M fumbles within the Tigers own five yard line scoring a touchdown on each one. Their other score was made on an intercepted pass when they went all the way to pay dirt.

The other loss suffered by A&M was to Columbus, a 2-A school that was rated about 5th in the State. They held Columbus to a 20-6 score which indicates they play tough ball.

In their other three games they held their opponents scoreless. They beat Giddings 33-0; Madisonville 30-0 and De Valle 28-0.

A round-up of Cameron's scores shows Rosebud 22, Cameron 0; Marlin 6, Cameron 0; West 12, Cameron 7; Cameron 22, Taylor 7; Cameron 7, LaGrange 0. They chalked up a 2-3 non-district record.

Coach Kirk listed his possible starting lineup for Friday night's game as follows:

On defense will be Larry Hillman and Edward Dohnalik at guard; Robert Moraw and Mike Koranek at end; outside linebacker will be Larry Manley and R. L. Mikulec; inside linebacker, Mike McDaniel and Mike Perrin; halfbacks, Dickey Ponder and Larry Plenti and Dennis Jistel or Mack McKinney will play the safety spot.

THE OFFENSIVE possible starting lineup will be Merlin Lester at split end; Hillman, quick side tackle; Mikulec, quick side guard; Larry Manley, center; Dohnalik at the strong side guard position; Koranek, strong side tackle and Kenneth Angell or Ronald McWilliams, strong side end.

This week the B-Team will meet the A & M Consolidated B-Team at Yoe field in a battle that will be played Thursday beginning at 7:30 p.m.

Ada Henderson's eighth grade team will play the A&M Consolidated Junior High team Thursday. The game will be played at A&M Stadium, starting time will be 7 p.m.

## Building Renovation Starts On East 1st

Workmen began renovating the former Cameron Leather Shop and adjoining Atkinson Insurance and Real Estate buildings, in downtown, Cameron Wednesday.

The buildings on East 1st street are being completely remodeled in the interior and exterior by Fred Jackson, owner of the Cent-Tex Coin Mart.

Jackson will move his business, presently located in the Citizens National Bank building, to the new address following completion of the remodeling project.

Plans include lowering the ceilings, painting the walls and recovering the floors in the interior.

A new front will replace the present exterior. Matula Construction Company is contractors for the project.

SERIOUS TALK - Death by shooting has become a frequent occurrence in the Milam County area, by chance close together, perhaps, but nonetheless frequent.

Two deaths have occurred over the past few weeks in small taverns.

From a brief survey of Texas law, it is apparent that Texans place more value on property than life.

This attitude stems, most likely from the frontier days of Texas when a man's land was his to win and defend, and when the cowboy's horse was in fact his lifeline back to food and water.

But Texas' frontier has vastly changed. It is one of cities and industry and mass recreation facilities and mechanized farming.

With this upsurge in population and material change in attitudes and means of travel, the human life should mean more, in the eyes of Texas law.

In places like the ones where two men have died, one colored, one white, the right to sell beer is earned by paying \$37.50 for a license and approval by the county judge and the Liquor Control Board, according to law.

For the general public, there is no limitation on keeping firearms in a person's home or place of business, though it is illegal to carry on one's person a pistol, various types of knives and other instruments capable of human destruction or injury. For all practical purposes, there is no registration of pistols in Texas. This excludes various law enforcement officials and weapons used for hunting.

Both of these attitudes apparently had something to do with the death of two men in recent weeks.

The practical problem of checking every place that can start business with a \$37.50 permit to sell beer is huge, law enforcement officials agree. And there is no way to check the fact of ownership of a pistol.

Prohibition will not solve the former; encroaching upon the constitutional right to bear arms in self defense will not solve the latter.

But a stricter licensing procedure with a higher fee for permits would reduce the number of such places in which people are shot. Pistol registration would at least identify pistol ownership. If this is discrimination, it is in the name of good sense and protecting human life.

Other states require these measures; Texas through the experience of Milam County in recent weeks and the rest of the state in good time has a need for upgrading and defining these requirements.

## Jury Deliberates Damage Case

A 12-man petit jury was deliberating a \$35,000 judgement suit against a Bryan trucking firm at pre-trial Wednesday.

Attorneys for Joe Koudelka, about 36 of Dime Box, went before the jury in Judge W. C. Wallace's District Court Monday and Tuesday seeking damages against the Porterfield Construction Company.

The plaintiff charged that he suffered personal injuries in a car-truck accident November 1961. He collided with a Porterfield Company dump truck, driven by a negro employee of the company, on the Alcoa plant road. Koudelka was en route home from his job at the Alcoa Rockdale Works.

A parade of witnesses testified before the Milam jury before the case was turned over to jurors at 5:30 p.m. Tuesday. They were still deliberating at mid-afternoon Wednesday.

Two medical doctors from Caldwell and Austin testified as to the extent of Koudelka's injuries. The testimony revealed Koudelka had suffered chest and back injuries. State Highway Patrolman Gilbert Smith testified as the investigating officer.

Tom Mitchell of Houston was attorney for the plaintiff. He was assisted by Leonard Allen of Rockdale.

The defendants in the case, Clyde J. Porterfield and others were represented by Brown, Sparks and Irwin, attorneys of Austin. Emory Carr assisted in the defense.

## Milam Banks See Deposit Increase

Three banks in the Milam area show an increase in bank deposits at the September 30th call, as compared to a year ago, with a total of \$17,635,307.00 in deposits.

The Milam banks increased deposits by a total of \$664,489.73 at the 1963 call over last years \$16,970,817.27 figure.

Citizens National Bank in Cameron listed the highest bank deposit with \$10,853,252.11 which was an increase of \$12,165.94 over last years total deposits.

The First National Bank in Cameron had a \$5,598,596.77 total deposit figure for the largest deposit increase of the three banks. They noted a \$379,569.32 increase over the total deposits at the September call a year ago.

Buckholts State Bank also had a considerable increase over last years September bank call. Total deposits were \$1,183,458.12 for an increase of \$263,765.37.

## Felony Case Before Milam Petit Jury

A Milam County Petit Jury will hear the trial of E. L. Pharis, about 35 of Houston, who has been charged with a non-capital felony case, in District Judge W. C. Wallace's court Thursday, October 17.

The defendant was indicted by a Milam County Grand Jury for writing a hot check to Cen-Tex Cotton Oil Company at Thorndale on March 19.

County Attorney John Henderson Jr. will prosecute the case. C. C. Divine of Houston is attorney for Pharis.

# Darrell Shuffield, 31, Charged With Murder

Murder with malice charges have been filed against Darrell Shuffield, 31, of Rockdale, in the shooting death of Albert Ray Wheelus Jr., 21, of Lexington, who was killed in a Rockdale tavern October 13.

County Attorney John Henderson Jr. filed the murder with malice charge with Justice of Peace Jess Brock in Cameron Court Monday.

Shuffield is charged with the murder of Wheelus which took place during a fight between the two men at 12:30 a.m. Sun. at the Oak Grove Inn located four miles west of Rockdale on US Hwy. 79.

Milam County Sheriff Carl Black said Wheelus was beaten about the head and shot once in the left side of the neck. The bullet, believed to have been shot from a 32 or 38 caliber pistol, struck Wheelus on the left side of the neck and

came out under his right shoulder blade.

He was taken to Richards Clinic in Rockdale. A Phillips and Luckey ambulance rushed Wheelus to Temple to the Scott and White hospital. He died of the gunshot wound at 6 a.m. Sunday.

Sheriff Black said Shuffield and his wife had operated the establishment where the shooting took place for about a year. They lived in the quarters behind the Inn. Shuffield reported the incident to law officials and was brought to Cameron at 2:30 a.m. Sunday by Milam County Deputy T. T. Morgan where he is being held in the Milam County jail.

Henderson said the case is pending on the Examining Trial Docket of the Justice of the Peace Court in Cameron. It will be presented to the November term of the Grand

Jury.

Sheriff Black and Henderson began their investigation early Sunday morning. According to Black, the men got into a ruckus inside the cafe when the shooting occurred. He said they know what kind of weapon was used, but they have not picked it up yet.

Seven witnesses have been questioned by local authorities. Sheriff Black said he did not want to divulge any of their testimony at this time.

An autopsy was performed on Wheelus in Temple, but the information had not been received by local authorities at midweek.

Wheelus, the son of Mr. and Mrs. Albert Wheelus Sr., of Lexington, was working at odd jobs at the time of his death. Funeral services were held near Lexington Monday.

LIBRARY MODEL UNVEILED - This scale model of the proposed new Cameron Library is being unveiled to Cameronites for the first time at the building between Citizens National Bank and McIntosh's. Library Board President, Miss Mildred Thornton headed the library delegation. The proposed \$40,000 library is to be built, following a fund drive, on the E. Fourth St. site. Land was set aside by the City two years ago. This is a view of the 64 - foot front building from Fourth St. The setting is about 90 feet from the roadway and is nestled in the trees native to the site. The structure of the building will be of brick, arched glass and pre-stressed steel. It will house 6,000 volumes in 2,028 square feet. \$10,000 has already been assured the Library Board toward the completion of the project.

# 19AA District Roundup

**By Lois Sapp**

When District 19AA gridiron play gets underway this Friday, Rockdale, Hearne and Caldwell will be in the limelight as possible district champions.

The three top contenders all have a 5-0 won, loss, non-district record. Last week Caldwell set a 2A school state record as being the only team in the state who has not been scored on. They defeated LaGrange

## Leaders Team Head

## Sunshine Bowlers

The Leader Department team is out in front in the Sunshine Bowling League with a 21 win, 3 loss record following Monday night's league bowling.

Falstaff is second with 16 wins and 8 losses followed by New Cameron Drug with 12 wins and 11 losses.

Fourth, fifth and sixth places are held by National Guard with a 9, 15 won-loss record; Western Auto, 7 win 17 loss record and Westbrook, 6 wins and 18 losses.

Falstaff won the high team series with 2361. The Leader Dept. was second with 2303 and New Cameron Drug third with 2263.

High single game was won by The Leader Dept. with 839. New Cameron Drug was third with 813 and Falstaff next with 795.

Dorothy Richardson rolled the high game series with 445. Gladys Tittsworth was second with 433 followed by Irene Mees who rolled a 428.

Mrs. Richardson also won the high individual game with 169. Betty Hardcastle was second with 157 and Della Moraw rolled a 156.

Marie Ann Laake holds the high average with 142.

27-0 and added them to their list of non-scoring opponents.

Rockdale, last years district champions, did nearly as well. They gave up only two points which was scored by Elgin on a safety.

Hearne also holds a state record for having the highest total points in the State for five games. Their defense has shown great promise along with an offense that is quick on the ground and has good passing ability. Defensively, they have allowed only 29 points to be scored by their opponents.

The other three teams in the district are still building and growing and could well give the big three stiff opposition.

Navasota has lost only one game, while winning four including last weeks 38-8 win over Crockett.

A&M Consolidated is 3-2 for the year, having played some strong teams including 3A Huntsville and Columbus.

Cameron is 2-3 for the year having knocked off Taylor and LaGrange. They have scored 36 points and given up 47 points to their opponents. Under a new coaching staff the young team is gaining more experience and determination.

and Hearne will be in the spotlight. They will meet at Rockdale stadium in what should be one of the best games of the season and may determine which way the championship falls.

Caldwell and Navasota will clash at Navasota and interest will be equally strong in this district action.

The Yoemen will travel to College Station to meet the A&M Consolidated Tigers. With both teams determined to prove the pre-season predictions false, this game could be one of equal action.

## OJT Beats Marlin, Set For District Opener, October 19

The OJT Bulldogs defeated the Marlin Wildcats 14-6 in a game played at Yoe Field last Saturday.

Marlin hit the scoreboard in the first quarter when Stricklin went off tackle from 16 yards out and in for the touchdown. The try for the conversion was no good.

In the second quarter the Bulldogs hit pay dirt when Fredrick Kelley threw a ten yard pass to Johnny Holloway who went in for the TD. Bruce Aycox scored the two extra points to bring the halftime score, 8-6.

The Bulldogs broke loose again in the third period when Bruce Aycox went off left tackle from 3 yards out. Try for the extra point was no good.

Fourth quarter play was a defensive battle and the Bulldogs retained their lead and won the game.

Outstanding players were Curtis Rose, who kept the Wildcats in the whole with his accurate punting; Johnny Holloway, who played hard ball and recovered a fumble, and Leon Melton, who ploughed the Wildcats backfield and recovered a block punt.

	Bulldogs	Wildcats
Yards Rushing	147	117
First Downs	11	9
Yards Passing	87	77
Passes Attempted	10	12
Passes Completed	5	6
Punts	7	5

Conference Play will get underway for the Bulldogs, Saturday, October 19 when they play host to the Aycock High Tigers of Rockdale. The game will be played at Yoe Field. Game time is 8 p.m.

Special features of the opening district game will be the honoring of all the Bulldog parents. The Booster Club of the OJT Bulldogs will sponsor Parent's Night.

## Prewitt Drug Still Leads Nightlighters

Prewitt Drug is still out in front in the Nightlighters bowling league with a 16 won 8 lost record.

Following closely behind is Butter Krust with a 15 won and 9 lost record and Dunn Drilling Company with a 14-10 win loss tally.

White & McLeod and Maureen's Embroidery teams are tied for 4th and 5th place with a 11 win, 13 loss record. Rockdale State Bank and Dairy Queen are tied for the next two places with a 10 win, 14 loss record. Yoakum's House Moving holds a record of 9 wins and 15 losses.

High individual series was bowled last week by Ailene York with 493. Marie Laake rolled a 488 and Lillie Ralston a 485 score.

Inez Lightsey rolled a 187 for high individual game. Ailene York rolled a 183 and Joyce Floyd a 181.

High team series was rolled by the Rockdale State Bank with a 2156 score. They won the first three places in both the team series and the high single game. Their tally was 737.

The leagues high average bowler to date is Marie Laake with a 148. Lillie Ralston is second with a 144 and Peggy Stauffer third with 143.

## Killeen Nip's Yoe B - Team, 14 - 12

Killeen's 9th grade football squad came from behind in the fourth quarter last Thursday to edge the Cameron B - Team by a score of 14-12.

The Yoemen led most of the way in the game played at Kill- een stadium.

Halfback Bill Goeke scored in the first quarter as he went off left tackle and sprinted up the field 20 yards and good for 6 point score.

In the third quarter Jackie McKinney, fullback, broke loose and went up the middle for the second Yoe score. Tries for a conversion on both TD's failed and the score was 12-0.

Killeen went wild in the fourth quarter and scored two touch- downs making the conversion on both attempts and went out in front to win the game 14-12.

## Buckholts Host District Opener

The Buckholts Badgers will clash with the Turnersville Buffaloes in Buckholts on Friday at 7:30 p.m. This will be the first district game for both teams and it should prove to be a close, hard-fought game.

The Badgers ended non-district competition with a 2-2 record and have 4 district games to play during the remainder of the season.

# Yoemen Improve Midway In Season

With the football season halfway over, Head Coach George Kirk said the Yoemen are in good shape following two weeks of practice and rest and are looking good for the beginning of District 19 play.

Four squadmen are still out with injuries suffered earlier in the season and it is not determined just when they will be back on the gridiron.

Craig Wallace, a Yoe halfback, is out with a bad knee. He had a cartilage removed but should be back the latter part of the season.

Clark Wohleb, defensive halfback, suffered a hairline fracture during the Rosebud game and Coach Kirk said he wasn't positive if he would be back for the first district game or not.

Cliff Evans also has a knee injury which he suffered in the West game. He should be back for the A&M-Yoemen game if all goes well.

August Dohnalik, offensive guard and defensive tackle, has a broken hand and it may be some time before he sees more gridiron action.

"OUR BOYS are doing real good and have lots of desire," Coach Kirk said. "We started out fresh and new at the first of the year, threw away the letter book and didn't care what the boys had done in the past," he continued. The new coaching staff placed the boys in the positions where they played best and it's apparent they are coming up with a working combination.

There has been some changes and shifting of positions in the Yoemen lineup since the beginning of the season.

Mike Perrin, a junior, has been shifted from his center position to a halfback slot. At 172 pounds, he is a lot of muscle and can ram his

way through the line for that extra yardage. He can also use his blocking talents better from this position which will help the other Yoemen backs.

Larry Paul Manley, 155 pound junior has taken over the center position and during the yoemen-LaGrange game showed a lot of promise at that slot. Manley has been doing outstanding work as an outside linebacker on defense.

Freshman Don Manley, at 132 pounds, is proving himself at halfback and is bound to see some action during district play. The beginning of the season he was listed as a quarterback.

Louis Dohnalik, a defensive guard, has been moved to offensive guard. With his 196 pounds of brawn this should strengthen the Yoemen offense.

Senior R. L. Mikulec, 155 pounds, has moved from the strong side guard position to the quick side guard. Mikulec can usually be counted on to do a creditable job wherever he is playing.

ONLY TWO changes have been made in the defensive squad

Mike Koranek, a veteran 189 pound senior, has moved from defensive guard to defensive end. Koranek had been giving the opponent quarterbacks a hard time at his old position and should be able to help the Yoemen outside.

Larry Hillman, defensive guard, will also play offensive tackle. One of the larger boys on the squad, he should give the offense a boost.

DOING OUTSTANDING work in the backfield offensive squad is Mack McKinney, sophomore, he is one of the faster men on the team and has been doing good work on his fakes and handoffs.

Mike McDaniel, from his fullback position, has established himself as one of the better backs in the district. He carries a lot of authority in his bull-like rushes through the line.

The splitback position is still being manned by Larry Plentl and Dennis Jistel. They are both good men and alternate the spot on various plays.

Yoemen have had the opportunity all season to exert that little extra something, either push-

ing through the opponents strong line or holding off a touchdown drive.

Fans have viewed the strength and desire since the beginning of the season. Several times the Yoemen have held, a good example

was in the West game when it took the Trojans four downs to move five yards.

Robert Moraw is always an asset, especially in this situation. senior, he strikes terror into the opposing teams backfield as he makes tackles all over the field from his defensive end position. This is his first year of varsity ball. He was injured during the first game last year and was out the remainder of the season.

"Our squad is small, but the boys have desire and play hard ball," Kirk said. The heaviest boy on the squad is 196 pounds.

The Yoemen have proven that they don't necessarily need size and our good luck is with them as they go into District 19AA play against A & M Consolidated this

## Three Arts Club Has Luncheon In Salado

Mrs. James Kahler was hostess for a luncheon meeting of the Three Arts Club Thursday at the Salado Country Club.

During the luncheon Mrs. Grace Jones, owner of the Grace Jones Shop in Salado, modeled fashions for casual, daytime and evening wear.

Tables were centered with miniature hat boxes of gold which were lined with aqua and held white mums.

Guests at the luncheon in addition to club members were: Mrs. Lester Williams, Mrs. George Kirk, Mrs. A. W. McCullin Jr., Mrs. Bassel Wilson, Mrs. Dan McDaniel and Mrs. Raymond Watson of Atlanta, Georgia.

## Projects Discussed At B&PW Meeting

Miss Madeline Gregory was hostess for the B&PW Club at her home Monday evening. Co-hostess was Mrs. Lillie McWilliams.

A 'white elephant' sale and several other projects were discussed during the business meeting.

B&PW Club officers for 1963-64 are: Miss Hazel Williams, president; Mrs. Mary Houston, first vice-president; Mrs. Julia Brown, second vice-president; Mrs. Leila Pruett, recording secretary; Miss Irene Williams, corresponding secretary; Miss Lillie McWilliams, treasurer.

An arrangement of bridal wreaths centered the dining table where a salad plate and fruit drink were served following the meeting.

## Civic Garden Club Hears Mrs. Biggs; Has Therapy Project

The Civic Garden Club met October 10th with 13 members and one guest, Mrs. F. H. Scarborough.

The meeting was called to order by the president, Mrs. Leo Fuchs. Plans were made for members to attend a Christmas work shop in Taylor October 16.

Plans were also made for the work shop at the home of Mrs. Fuchs Taylor October 16.

Plans were also made for the work shop at the home of Mrs. Fuchs Taylor October 14 at which time corsages were made for patients at some of the state hospitals.

Flower show schedules were handed out and discussed for the club's annual flower show to be held in December. The theme for this year's show will be "Holiday Wonderland." Mrs. J. J. Heitman is General Chairman for the show. Mrs. R. G. Graben is chairman of the Artistic division and Mrs. Willie E. Falkner is chairman of the Horticulture division.

After the business meeting a short social hour was spent with Mrs. Falkner serving the guests and members coffee and cookies.

Mrs. Cecil Biggs of Temple who is a Nationally Accredited flower show judge and who is now serving as president of the Central Texas National Accredited Council of Judges, then presented a delightful program on containers and the use of bases and accessories which she has collected over a number of years. She gave ideas for the use of bases and accessories for the combination of them.

The door prize was won by Mrs. Fanning.

Mr. and Mrs. W. A. Garner of Rt. 3, Rockdale announce the engagement of their daughter, Patricia Lynn, to Mr. Paul Mitchell, son of Mrs. Ethel Mitchell of Gause. The wedding will be November 16 at the San Gabriel Baptist Church.

## 400 Attend Annual McCullin Barbecue

Over 400 people attended the McCullin annual barbecue and heard guest speaker, Dr. Ivan E. Miles, a soil agronomist from Stockdale, Miss., speak on the benefits of using fertilizer.

The event was held at the Simon George Hall last Thursday. Mr. Mack McCullin and Company hosts the affair for their customers in the Milam area.

Howard Mitchell of the Olin Chemical Company presented slides to the group. Among the guests were E. S. Nelson, Division Manager of Phillips Petroleum Company, Jack Lynch, Assistant Division Manager of Phillips Company and Dave Seay, with the chemical division of Phillips Petroleum Company.

## Mrs. Jackson Hosts Pleasure Profit Club

Mrs. Fannie Jackson was hostess for "The Pleasure and Profit Club" when it met Thursday afternoon, October 10th.

Mrs. Jackson served her guests a delicious dessert and coffee. Fifteen members answered roll call with household hints.

The president held a short business meeting after which Mrs. Jo Ann Ripley gave a program, "Dare to be Square."

Mrs. Raymond Watson and sons of Atlanta are visiting her parents, Mr. and Mrs. G. F. Dunston. They will return to Georgia by plane Tuesday.

## CLUB NOTES

The Pleasure and Profit Club has selected the theme "Today's Living in Tomorrow's World" for their club year and programs are being planned around this idea.

The Study Club meets the second and third Thursday of each month and programs alternate between historical highlights and book reviews, all selected by theme in mind.

The Cameron Public Library has been benefited for several years by the generosity of the Pleasure and Profit Club. Each year they donate money for new books and have served as a selection committee for library books. Another Club project has been Christmas gifts for residents of the County Farm.

Mrs. Beatrice Wiese is president of the 21 member club.

The theme "Treasures in Gardening" will guide the programs and spring flower show for the Fleur-de-lis Garden Club this year. Mrs. E. O. Smith, club president, worked with committees this summer designing the year's program and projects.

New on the project list is a monthly flower arrangement to be furnished by members for study and analysis at each meeting. Meetings will also include a brief study of the flower of the month.

## CALENDAR

October 10 - The Civic Garden Club will meet Thursday morning in the basement of The First Christian Church. Guest speaker, Mrs. Cecil Biggs of Temple, will present the program on bases and accessories in flower arrangements. Mrs. Biggs is a Nationally Accredited Flower Show Judge and is president of the Central Texas National Accredited Council of Judges. Members are to bring a horticulture specimen to be judged.

## Chapter 553

# OES Members Mark 50 Years

Cameron Chapter No. 553, Order of the Eastern Star celebrated its 50th Birthday Anniversary, Sunday afternoon in the Fellowship Hall of the First Methodist Church with approximately 160 members and guests present.

As the guests assembled, Mrs. Francis Cox played a prelude of piano selections.

Friends and OES members from Austin, Waco, Houston, Grapeland, Palestine, Hearne, Rockdale, Temple, Bryan, Soererville, Lexington, Marlin, Centerville, Madisonville, Holland and Italy were registered by Mrs. Katherine Mondrik and Mrs. Bessie Allen.

Mrs. Lillian M. Lester, Worthy Matron of the Chapter, welcomed the guests. Mrs. Lorene Blanton of Waco, accompanied by Mrs. Grace Reid at the piano, began the theme of the program, "Garden of Memories" with a vocal solo, "Memories." Mr. Hinton H. Pruett, as Master of Ceremonies, carried this theme on as he sat in a beautiful garden and gave a brief history of the chapter which had received its charter from Grand Chapter on Oct. 15, 1913.

Vocal selections were then rendered by the Ben Hur Chanters of Ben Hur Temple, Austin.

Mrs. Niley Smith gave the presentations for the chapter. Mrs. J. D. Epien accepted the 50 Year Certificate of Membership from Grand Chapter and a gift from Cameron Chapter on behalf of her sister, Mrs. Bettye Stafford, who was unable to be present. Mrs. Carrie D. Kuehl was presented a Life Membership for the chapter. Mrs. Kuehl, who has been an Eastern Member for 41 years, is still active in her chapter.

Mrs. Virginia Sanders, secretary of the chapter, pinned upon the Worthy Matron the Eastern Star pin of Miss Delpha Scott, a charter member of the Cameron Chapter.

The Business and Professional Women's Club will meet at 7 p.m. October 21 (Monday) with Miss Irene Williams as hostess.

The History Club will meet at 3:30 p.m. October 22 in the home of Mrs. Mary McLane Lawrence. The program, "Architects of Texas" will be presented by Mrs. W. C. Wallace.

October 10 - The Three Arts Club will meet at 1 p.m. at the Salado Country Club for a luncheon and style show. Mrs. James Kahler is hostess for the meeting.

October 15 - The Cameron Delphian Club will meet at 3:30 p.m. the home of Miss Mary Randolph. A program on National Defense will be presented by Mrs. Alvin Roberts and Mrs. W. R. Newton, Sr.

## Words In Print....

The newspaper is a phenomenon of these United States... in its scope, objectivity and independence. It has the Germans and Chinese to thank for its type and presses, the English and Western Europeans (back to Rome) for its words and Americans for its ingenuity.

It fosters vocal criticism and self-criticism. For its role of comment and critique itself brings down cascades of rebuttal and rebuke.

It is this role, however, that sets it apart and away from other media. The inherent risks of fulfilling this prime role are shared by other media in lesser proportion. Their role is basically entertainment.

The newspaper tries to entertain as well as enlighten. But the people and their leaders, whether subscribers or not, depend on the newspaper for the basic function of depth reporting and analysis.

No where else in the world are newspapers read more widely. No where else

are they held to greater accountability than in these United States. No where else do they still stand as a balance, a popular compendium of knowledge, daily and weekly.

What was once a trade has become a diverse profession, creating employment for hundreds of thousands of skilled men and women in hundreds of specific fields, fields that put words in print.

One week each year, October 13-19 this year, the newspaper tells a bit of its own story, one not new since 90 per cent of American households read part of it. It is a story seldom told as well as the job is done.

Being taken for granted is part of newspapering too. If you don't take your newspaper for granted, show it. Visit a newspaper this week and learn more of its functions. If you are interested in visiting The Cameron Herald, do it... now... during National Newspaper Week, October 13-19.

## More Roads, More Growth...

District Engineer C. B. Thames, of Bryan, last week gave a report on highway construction that means an additional \$2.86 millions in new Milam roadways next year.

Current construction projects reported total \$1.42 millions, about \$300,000 more than put into Milam roads in 1962.

Where once railroads determined growth of communities and cities, Milam County now looks to one of the finest networks of farm-to-market and through highways in Texas. These roads mean growth.

Teamwork and understanding, focused by Cameron's good roads barbecues, have brought much of this progress. Wider cooperation among property owners, city and county officials have contributed measurably to this progress.

A case in point on highway availability and new development is the Elm Creek Dairy, northwest of Cameron. Many factors went into the Cameron location, but

one of them undoubtedly was the fact that FM RD 2269 was newly paved. Once it had been a winding, dusty country road.

When more industry comes to Cameron, such as the Eastern Seed Co. fertilizer plant, it will depend on these highways intersecting in Cameron as well as the rail facilities serving this Milam County seat.

New highway construction has brought enough additional traffic through Cameron to provide a need for two new restaurants in three years as well as numerous gas stations. Therein lies new jobs, new businesses that other communities of similar size across the state are missing.

As these new roads continue to span Milam County, observe the new growth that accompanies them. It is predictable in this modern, changing world in which the auto puts Cameron only 2 1/2 hours from the four metro centers of Texas.

## Texas Tourism Gears For Growth

By Vern Sanford

AUSTIN - A brand new State agency dedicated to bringing more free - spending tourists to Texas now is in operation.

Texas Tourist Development Agency held its first meeting, discussed policy guidelines and set a timetable for selection of an agency to handle its \$200,000 advertising accounts. Advisory board members will meet on Jan. 16-17 to pick the firm which will prepare and place its tourist-luring ads.

Sworn in as advisory board members were James M. Gaines, radio-television executive of San Antonio, Chairman, Bill Berger, publisher of the Hondo Anvil-Herald; John McCarty, advertising executive of Frito - Lay Inc., Dallas; G. A. (Pop) Mabry, public relations executive for Humble Oil and Refining Company, Houston; John Powell, hotel executive of Austin; and Chris Fox, El Paso banker.

Said Gov. John Connally: "I hope this is the beginning of a tremendous program - your work is important to the economic future of Texas."

He commented that the 1964-65 advertising budget is so small that the state will have to "ride piggy - back" on privately financed national advertising for a few years.

He noted that Texas is sixth in the nation in population - and some statisticians believe it soon will be third. But it's below the top 10 in tourist attraction.

In 1957, 10,400,000 tourists came to this state and spent \$531,000,000. In 1962 only 9,600,000 tourists visited Texas. They spent an estimated \$471,000,000.

A "See Texas First" campaign to get Texans to spend their vacations in Texas is being planned. The Agency is stepping up its administrative activity, and will add Walt Warner, Capitol correspondent, to its staff.

POLITICS BOOMING - First formal affair of the coming political campaign season will be an "appreciation dinner" to be held on October 19 in Austin for Sen. Ralph Yarborough, Texas' senior Senator, certain to run for another six-year term in 1964, will gather a political war chest through the dinner.

Bringing more campaign fod-

der to Texas will be Pres. John F. Kennedy. He will make a two-stop trip to the Lone Star State in November.

Texas Republican Chairman Peter O'Donnell, head of the Draft-Goldwater movement nationally, hopes to set up a dinner in January at which the Arizona Senator will announce his candidacy for president.

Both party's headquarters in Austin are increasing their staffs, as they get ready for what now appears to be a humdrum of a political year in 1964. Both Democrats and Republicans expect the GOP to muster more strength in 1964 than they did in 1962. Republicans are so hopeful about their chances that there is real competition for the party nomination for some of the major statewide offices.

Democrats, with first term men in the State's three top offices, may have strong competition in at least two of them. Don Yarborough of Houston says he will decide by December 1 whether or not he'll run against Governor Connally in next May's primary.

Close friends of Congressman Jim Wright of Fort Worth predict he will be a candidate for the U. S. Senate.

State Rep. Horace Houston of Dallas announced his candidacy for lieutenant governor at a GOP leadership conference here.

State Sen. Franklin Spears of San Antonio is visiting newspapers and otherwise sounding out his chances in a race for the same office - as a Democrat.

Some 300 San Antonio attorneys have signed a petition urging Associate Justice Jack Pope of the Fourth Court of Civil Appeals to run for the State Supreme Court.

Smith County District Attorney Bill Coats says that reports indicating House Speaker Byron Tunnell will have trouble getting re-elected in his home district (Smith and Gregg counties) are incorrect. Says the D.A.: "The only time I hear that is when I come to Austin - Tunnell is in good shape at home."

Four candidates for congress are thundering along 10th District campaign trails. A special election is set for November 9. Candidates from Austin are Jake Pickle and Jack Ritter Jr., Demo-

crats, and Jim Dobbs, Republican. The fourth, Frank B. McGehee, came all the way from Dallas to enter the Central Texas race. McGehee claims no party connections.

MOHAIR MARKET SOUGHT - Angora goat raisers brought their problem to the Texas Industrial Commission. They have asked Director Harry W. Clark for all the help his state agency can offer.

Goat raisers want to lure to Texas some mohair scouring, sorting, grading and combining industries. This so their product can be turned out in finished form. But they don't know how to go about it. As far back as they can recall, they have sold raw, ungraded, sacked mohair to buyers from four eastern firms who ship it east for finishing.

D. W. (Speedy) Hicks of Bandera said the goat raisers don't know manufacturers requirements.

Clark said the commission is ready to lend a helping hand, through research and promotion. But he added, "I foresee real obstacles in trying to sell manufacturers before style centers are established here."

James R. Powell, of Fort McVett, president of the Texas Sheep and Goat Raisers Association; L. M. Stephens of Lometa; Howard G. Hay of Bandera; Houston Smith of Texas A & M; Armer Earward of Sonora will work as a committee with the Industrial Commission's staff.

Cameron students are Sandra Louise Baskin, Joyce Elaine Hamilton, Dwight Moody, Thomas Edward Moody, Carroll Ray Richter, Henrietta R. Richter, Jimmy Ray Smith, Joyce Ann Terry, Ed Raymond White, James Edward Woodum.

## OLD PHILOSOPHER

Philosopher Amazed To Discover The

Experts Think Part-Time Farming Is New

Dear editor:

Sometimes you'll find that an expert is somebody who has just discovered and announced what a lot of people have known for years.

For example, I was reading a magazine last night which a salesman had left out here during the afternoon. Well he didn't actually leave it, he dropped it while he was trying to beat my dog to his car, and in it I discovered a long article on the changing trends in agriculture. In case you're wondering, the salesman won.

At any rate, according to this article, some experts have discovered that the modern trend in agriculture is toward part - time farming.

This is what I'm talking about.

What other kind is there?

The trend toward part-time farming set in on this Johnson grass farm the minute I started farming it, and I expect it to stay that way. I could name you some more who share the same view.

Part-time farming's not something new; what's new is that some farmers are now working in town too.

Understand, farming is a full-time job, there's always something to do. But that's not to say all us farmers are always doing it. Why right now I've got jobs staring me in the face which should have been done 10 years ago, but they've never stared so hard I felt like I ought to take a job in town to dodge them.

Of course, there are some young farmers who work in town and still seem to get more done on their farms than I do on mine, but this is a trend which I don't care to call attention to.

The fact remains though that part - time farming set in thousands of years ago, or whenever it was man discovered you couldn't plow when it was wet or hoe when the fish were biting, and as far as I can tell the trend is still underway.

Yours faithfully,

J. A.

\$20 Million Approved

For Texas Highway

Safety Program

The headlights of two automobiles hurtling toward each other at an aggregate 140 miles an hour pierce the night on a lonely stretch of highway in East Texas. The beams fuse momentarily at the center of a bridge, then separate visibly as each car inches to the right. Meeting at the bridge, the cars whosh by one another without incident.

Run - of - the - mill as such an episode may seem-it occurs thousands of times each day and night-an accident has never been prevented. It has been prevented by the widening of the bridge to allow cars an additional measure of meeting room.

The widening of narrow bridges, and many another measure to make Texas highways safer, is part of the State Highway Safety and Betterment Program of the Texas Highway Department. In a relatively unsung way, the program accounts for the saving of many lives on Texas highways every year.

A \$20 million installment in this program to make \$4.5 billion worth of existing Texas highways better and safer has been approved by the Texas Highway Commission.

The Commission authorized the \$20 million expenditure during the coming year to improve about 2,300 miles of U. S. and State highways under the 1964 State Highway Safety and Betterment Program.

For safety and convenience the annual program systematically upgrades the 65,000-mile Texas highway network, construction of which has cost \$4.5 billion since the Highway Department's inception in 1917.

## Comedian To Star Alcoa's Rockdale

### At Prison Rodeo Works Now Has

"I'm goin' back to the wagon, boys, these shoes are killin' me!" Yes, it's none other than the DUKE OF PADUCAH, one of America's favorite comedians, who will deliver his famous line in person at the 3rd spectacular show of the annual Texas Prison Rodeo next Sunday, October 20, at Huntsville, Texas!

Last week's action-packed thriller gave thousands of rodeo fans their money's worth... and then some! ... And next Sunday's show promises even more in thrills, spills and chills.

Two brand-new events are causing much of the excitement - the Bull Scramble, and the event aptly called "Hard Money." Can you imagine any harder way to win \$50 than to take it away from an enraged Brahman bull? Well, that's exactly what Bobby Hickman did last Sunday! Bobby, one of the inmate cowboys injured in this event in this year's first rodeo, got sweet revenge when he grabbed the Bull Durham sack with the \$50 inside right off the horns of the wild bull. The Bull Scramble had the fans shouting for more - and no wonder, with 12 big calves and 24 young Ferguson inmates scrambling all over the arena at the same time.

And, this Sunday's show looks wilder than ever! The inmate cowboys are grimly determined that all of the stock will be ridden before this year's rodeo is over! Don't miss seeing this week's guest star, the DUKE OF PADUCAH, in person! For tickets, write or call the RODEO TICKET OFFICE, Huntsville, Texas - now!

### 935 On Payroll

With a recent addition of 21 new employees, Alcoa's Rockdale Works now has 935 people on the payroll, according to Works Manager Joe E. Yates. Wages and salaries are currently running at the rate of \$6.6 million per year.

Yates indicated that increased activities in the Anode and the Aluminum Plants, and the need for additional craft help and vacation replacements created the demand for the additional 21 men.

A recent survey disclosed that employees live in nearly every community within a 60-mile radius of the aluminum smelter. Rockdale leads the list with 313 Alcoa employees; followed by Cameron, 187; Thorndale, 79; Taylor, 74; Lexington, 55; Caldwell, 38; and Milano, 35.

Alcoa employees also live in Giddings, 26; Hearne, 23; Thrall, 21; Gause, 19; Buckholts, 11; Calvert, 11; Dime Box, 10; Tanglewood and Lincoln, 9 each; Granger, 8; and Coupland, 7.

Christman, Somerville and Ledbetter each have 6 Alcoa employees. Hutto, Davilla and Lott have 5 each.

Other cities with Alcoa employees are Austin, Smithville, Deanville, and Elgin, 4 each; Rosebud, Paige, and Carmine, 3 each; Brenham, Brenham, Burlington, Bryan, and Maysfield, 2 each.

Ben Arnold, LaGrange, McDade, New Baden, Reagan, Red Rock, Rogers, Rosanky, Round Rock, and Wheelock each have one employee.

### Graveside Services

#### For J. E. Holley

Graveside services for John Edward Holley, 79, were held in the Liberty Cemetery October 11. The Rev. H. M. Bowley officiated.

A former Cameron resident, Holley died in Beaumont last week.

### Jones Is Pledge

#### Class President

Bobby Jones was elected president of the Pi Kappa Alpha pledge class at Southwestern University, Georgetown.

A 1962 graduate of Yoe High, he is the son of Mr. and Mrs. George Jones, Marion.

The eyes of a young Texan light up over a painting depicting one of the Lone Star State's finest moments - Sam Houston leading his troops at the Battle of San Jacinto. When the smoke cleared away, Mexican General Santa Anna was defeated and Texas became a Republic with the tough, six-and-a-half foot Houston as its first president. The portrait of Houston, twice president of Texas and its U. S. Senator, is one of 75 historic paintings, "Faces of Freedom," an art exhibit presented by the American Heritage Foundation and the John Hancock Mutual Life Insurance Company. It is currently on display at the State Fair of Texas in Dallas.

### COWS PRODUCE MORE MILK

Cows milked four times daily produce nearly eight per cent more milk than those milked twice daily in experiments conducted at the University of Minnesota. Investigators also discovered that cows would milk faster and hold less milk back if the machine rate was 70 pulsations per minute rather than 50 or less.

## CARD OF THANKS

I wish to express to all my friends  
my sincere appreciation for their  
thoughtfulness during my recent  
accident. The cards, letters,  
gifts and flowers that brightened  
my hospital stay and in my home,  
will be long remembered. I am  
also deeply grateful to Dr. S. H.  
Richardson, the nurses and staff  
of St. Edwards Hospital, for their  
excellent care. And to all the ladies  
who helped me so faithfully in my  
home.  
Mrs. Otto F. Schulz.

## Like Father, Like Son

He's going to be a writer, just like Daddy. He's playing the part down to the last detail, even to the pencil behind the ear. Boys are like that. Even quite young they have a natural ambition to follow in their father's footsteps. Many of their growing years are spent trying to grow to be a man just like Dad. Such being the case a father's main efforts should be to set a fair, square and noble example.

To do this, regular attendance at church can be source of great help to the father. He should avail himself of it, for the son watches everything that he does and if Dad goes to church he will want to go also. Then the second reason is that Dad himself will be getting a weekly inspiration in how to set the kind of example a model father should set. He will then be proud to have people say, "like father, like son."

## Installation Meet

The Rogers Chapter of the National Junior Honor Society conducted their second candle-lighted initiation ceremony Tuesday morning, October 8, in the cafeteria. A large group of parents were present along with the entire junior high school student body and faculty, and with prospective members of the high school chapter, which is being re-activated as special guests.

New officers were also installed. Last year's officers installed the new officers. Participating in the induction into office were: Vernon Craft, last year's president; Clayton Waits, Marlene Schiller, and Donna Gunter. New officers are: President: Michael Heintze; vice president: Ginger Leskar; secretary: Barbara Fuessel; and treasurer: David Synatzke.

Participating in the program were Anita Brenek on character; Karen Schneider, scholarship; Delores Chupik, leadership; Cheryl Zajicek, service; and Marsha Guss, citizenship. Mrs. Selma Cannon, sponsor, presented the new members to Principal Darwin Schwertner, who accepted them. Supt. B. F. Harbour spoke briefly of the significance of the National Honor Society and its goals, and presented membership cards to new members.

## Seniors To Have 'Amateur Night'

Amateur Night will be presented by the senior class of Yoe High School Monday evening, October 22, in the auditorium.

The program will feature local talent of wide variety, ranging from singers and dancers to actors and comedians.

The general public is invited. An admission of 25 cents will be charged each person.

## Rogers Annual PTA

## Carnival October 19

Plans for the annual Rogers Parent-Teacher Association fall carnival are moving along rapidly according to Wayne Cobb, general chairman. Cobb named the following chairmen to handle the various aspects of the carnival, and all have plans well underway for the big day, Saturday, October 19, 1963.

Coronation: Mrs. E. A. Smith Jr.; public address system, Charles Conner; concession stand, Mr. and Mrs. C. O. Synatzke; sale of yearbooks, Mrs. Alla Scott; publicity and treasurer, B. F. Harbour; carnival finance, J. L. Chervenka; points and booths, Mrs. Floyd Frits; also Mrs. P. B. Partin and Mrs. Otis Kovar; BarBQ, J. H. Merka and Otis Kovar; tickets, Mrs. Claude Foster; kitchen and table help, Deyne Ray; bingo, Claude Foster and George Richards; lighting, Arlie Green; flowers, Mrs. Frank Turner; carpenter, Anton Necas.

BarBQ tickets are already on sale for \$1.00 which includes trimmings. Supper will be served. The carnival will be held in front of the high school building.

The coronation of the Carnival Queen, in each division, will be held in the gymnasium and will climax the annual affair.

Can your range  
keep meals  
serving-hot for  
4 hours without  
over-cooking?

With the new gas Cook 'n' Keep oven control you can go shopping and still be a guest at your own party without a last minute rush. Just set the time and temperature oven controls as your recipe requires. Dinner will cook automatically to perfection. When it's done the way you want it, Cook 'n' Keep oven turns itself down to exactly the right temperature for serving. An hour later — or two, three or four — food's still moist, tender and serving hot! No over-cooking. No drying out. Because of this new automatic oven control and the many other gas cooking conveniences, you'll want to trade in your old range. Now's the time — the new ones are on sale at Gas Appliance Dealers and Lone Star Gas.
